## AWARD \$12,500 DAMAGES FOR DAVIES FARM

An Adams County jury this morning, after more than an hour's deliberation, awarded Joseph L. and Ruth M. Davies, Gettysburg R. 1, \$12,500 for damages to their farm caused by the relocation of Route 15 around Gettysburg.

The state took about 18 1/2 acres from the Davies dairy farm, and severed about 22 acres from the remainder of their property.

Davies testified the severed acreage was of little value to him now because of the manner in which it was cut off from the remainder of his farm, and problems of reaching it and tending it had increased need to purchase feed for his 40 head of dairy cattle because of the loss of the acreage, and the cutting off of what his attorney, John MacPhail, described as "some of the best acreage on the farm, leaving Davies with mostly the less desirable part."

**HEAR TESTIMONY**  
Lee M. Hartman, local realtor, listed the value of the Davies farm before the taking of land at \$25,000 and said the value afterward was \$12,500 which was exactly the same as the award by the jury.

Lloyd D. Shearer, Gettysburg, estimated the value of the farm before at \$23,000 and after the taking at \$11,000. Edgar Weaver, Gettysburg R. D., estimated the value of the farm before at \$22,000 and after at \$12,000.

For the Commonwealth, William S. Bigham, local realtor, estimated the value before at \$21,300 and afterward at \$14,800. Bigham said he did not feel that the farm could successfully support a profitable dairy operation either before or after the taking of the land.

Russell Markle, Hanover R. 4, was foreman for the jury.

## CHOOSE DOZEN BABY BEEVES FOR FARM SHOW

Twelve steers from the more than 40 raised by members of the Adams County 4-H Baby Beef Club were selected Tuesday evening at Thomasville to represent the county in the annual state Farm Show at Harrisburg in January.

The remainder of the animals were entered today in the annual York-Adams 4-H Baby Beef Show and Sale at Thomasville livestock market.

**9 ANGUS, 3 HEREFORDS**

Nine of the animals chosen for Farm Show exhibition were Angus, three Herefords. The Angus selections were the animals of Donald Bair, Littlestown R. 2; Barbara and Joan Bare, Hanover R. 5; Thomas Bross, East Berlin R. 2; Sharon Lippy, Littlestown R. 1; David Lott and Elizabeth Lott, both of Gettysburg R. 4; Steven Slaybaugh, Biglerville R. 1, and David Murren, Hanover R. 4. The Herefords chosen were those of Shirley Bair, Littlestown R. 2, and Glenn and Shirley Ford, New Oxford R. D.

Seven of the 12 steers were wholly Adams County products, bred and raised here. The five others were purchased from out of the county. Of the Adams County bred animals, two, those raised by the Lotts, were from the Eisenhower farms; the two Bare animals were bred by John Bare, the Slaybaugh animal by Glenn Slaybaugh, Murren's steer by Harry Scott, Gettysburg R. D., and the Ford animals by Robert Flanders, New Oxford R. 1.

## C. P. KEEFER IS RE-ELECTED AS R. C. CHAIRMAN

After reviewing annual reports showing that thousands of Adams Countyans benefited in the last year by Red Cross services, the directors of the county Red Cross chapter re-elected C. P. Keefe, New Oxford, a former county superintendent of schools, as chapter chairman for another year.

The county Red Cross chapter held its annual meeting Tuesday evening at the West St. branch of the Gettysburg National Bank when five new members were elected to the board of directors and six directors were re-elected for three-year terms.

The new members of the board are Mrs. John Brown, Biglerville; Victor Reynolds, Littlestown; Charles Lehn, Littlestown R. 2; Amos D. Meyers, York Springs, and Mrs. Robert D. Moore, 444 Harrisburg St.

**SIX RE-ELECTED**

The reports also told of service in securing blood donors, aid to families involved in fires and other disasters in the county and of service in providing transportation of children to clinics.

**"THE RED CROSS SERVES"**

Service was given to veterans' hospitals nearby and youngsters in 22 elementary and secondary schools in the county were enrolled in the Red Cross and many of them assisted in service projects. Convalescent equipment continued to go out on loan to uncounted recipients and Mr. McCrorie reported wooden

## ARMY BAND TO PLAY NOV. 19

The 102-piece U. S. Army Field Band and chorus will present its sixth concert in Gettysburg as part of the town's observance of Dedication Day, November 19.

Mayor William G. Weaver, president of the Lincoln Fellowship of Pennsylvania which with the Sons of Union Veterans annually marks the anniversary of Lincoln's Gettysburg Address in the Gettysburg National Cemetery, said today that the field band will present a brief concert on Lincoln Square November 19 as part of the observance. It will also march in the procession to the National Cemetery, will play for the exercises there and that evening at 7:30 o'clock will present one of its full concerts in the Gettysburg Junior High School auditorium.

Lt. Col. Robert Bierly, director of the band, informed Weaver that a program of favorite numbers will be played by the band and sung by its chorus at the evening concert.

## EXPECT FUND DRIVE FOR UP TO TOP \$30,000

With 10 days to go before its official end, the Gettysburg United Fund campaign today was within \$3,800 of its goal of \$32,000. A total of \$28,200 has been raised so far.

Chairman Richard Guise said present indications are that "we can expect to obtain \$2,000 more, but if we are to make our goal some of those who have already contributed will have to make an additional contribution."

He expressed the hope that enough people will increase their donation by sending a second check to the Gettysburg United Fund office, Baltimore St., to help the fund reach its goal. "They will be helping to make up for some who gave as little as 25 or 30 cents to the campaign," Guise said.

**SPECIAL GIFTS HIGH**

Only one division of the campaign so far has reached and exceeded its goal. The special gifts division headed by Attorney Donald Oyler, Orville B. Orner and Dr. Ray Drum was scheduled to raise \$10,000. So far it has brought in \$10,661.

The residential solicitation, headed by Mrs. Kermit Heretzer, Mrs. Robert Codori and Mrs. Edward Nowicki, is also expected to reach its goal. A total of \$3,400 was sought from that division of the campaign, so far \$3,369.94 has been received, or \$30.06 less than the goal.

A total of \$1,178 addition will have to be raised in the rural areas around Gettysburg if that section is to reach its goal of \$3,300. So far \$2,122 has been raised by the committees headed by Mrs. William Bigham, Mrs. Stanley Hull and Mrs. Milton Hoffman.

**FRATERNITY TO HELP**

The Boy Scouting fraternity at Gettysburg College is scheduled to help out in the rural area campaign next week. The committee was unable to obtain any solicitors on four of the roads in the area and next Thursday and Friday, November 5 and 6, the fraternity members are scheduled to visit the homes along those roads.

Another college group is also scheduled to help raise funds for United Fund. Friday and Saturday the members of Phi Sigma Kappa fraternity will be at the intersection of Carlisle St. and Lincoln Ave. to ask donations of motorists halted at the stop light there.

The commercial division,

## Nine Are Killed When Jet Bomber Skims Low Over Reviewing Stand, Falter And Then Hits Power Pole; Falls In Flames

By ROBERT M. BURNETT  
EL CENTRO, Calif. (AP) — A jet bomber skimmed low over a crowded reviewing stand — and then faltered, hit a power pole, and smashed in flaming pieces across the center of a Navy base, killing nine men.

Among those who died were the three crewmen of the A3D twin-jet bomber.

The other six victims were men in buildings near the runway of the El Centro Naval Air Facility, where the plane crashed Tuesday during a parachuting demonstration.

Thirty-five persons were injured, six critically.

**JET COMES APART**

The 70,000-pound jet came apart in the air after one wing snapped the power line. The shower of blazing wreckage scattered 400 yards across buildings and parking lots, setting two major fires, smashing buildings, setting autos afire.

Women and children — servicemen's dependents — were among the victims.

## WILL MANAGE LITTLESTOWN DISPOSAL UNIT

The health, prosperity and recreation of residents of Littlestown were discussed at length Tuesday evening by members of borough council, who engaged a disposal plant manager, a part-time police officer and reminded residents to continue to conserve water until new wells can be dug.

How to control the growing "horse population" within borough limits was a major point of discussion after councilmen and the mayor reported that numerous complaints have been received concerning the maintenance of stables within the borough. Mayor Earl Stites reported that approximately a dozen horses and ponies are being kept in stables and sheds within the borough and told council "the only ordinance on record concerning livestock is one which prohibits keeping hogs within the borough." Council authorized the mayor to consult the solicitor regarding an ordinance to prohibit keeping other animals in town.

Council engaged Bernard Clouser as chief disposal plant operator at a salary of \$3,800 and authorized Mayor Stites to purchase an additional pistol for the new police officer, James Richard Collins, if necessary. The board also authorized the property and supplies committee to advertise for bids for a new police car.

Nitterhouse Concrete Products Co., Chambersburg, was authorized to place a new cover on one well at a cost of \$1,426 and secretary-manager Roger Keefe was instructed to increase three insurance policies by \$10,000 to include the value of new construction to the borough building, which was completed at about 80 per cent complete.

**FREE PARKING**

The jury returned to the court room at 1 o'clock this afternoon for the charge by the court after which it will deliberate its verdict.

The case stems from an auto accident August 14, 1963, in New Oxford when a station wagon owned by Alwine Brick Co. and operated by an employee, M. L. Mehl, was struck in the rear on Carlisle St., 1 1/2 blocks west of the square in New Oxford. Mehl had halted the Alwine Brick Company vehicle for traffic ahead.

## 2 MOTORISTS CRASH SQUARE SIDE-BY-SIDE

Donald Smith, 29, New Oxford, was admitted to the Hanover Hospital for observation and treatment of cuts and bruises Tuesday night at 9 o'clock after two cars crashed into the center plot of the New Oxford square.

State police said Smith's car and an auto operated by Gerald E. Hale, 23, New Oxford R. 1, were running "side by side" on the New Chester Rd. into the square where the Smith car crashed into a utility pole, snapping it off and rolled over on its top in the center plot. The Hale auto crashed through guard rails, twisted through the square and came out of the center plot before coming to a stop.

Both autos, according to the police report, were demolished. Smith was driving a 1961 vehicle and Hale a 1959 sedan.

Smith was removed to the Hanover Hospital in the New Oxford Fire Company ambulance.

Police said today they are continuing their investigation into the case.

**OTHER ACCIDENTS**

The accident was one of three investigated by state police from the local substation Tuesday night.

Damage was slight when two cars collided 2 1/2 miles east of here on the Lincoln Highway at 7 o'clock Tuesday evening. The officers said James Ray Henry, 27, of 317 York St., was traveling east and attempted to pass an eastbound coupe operated by Wade Ketterman, 35, Gettysburg R. 6, when the two vehicles collided. Damage was estimated at \$50 to the Henry car and \$25 to the Ketterman auto.

The other accident occurred 1 1/2 miles south of here on the Littlestown Rd. at 11:50 Tuesday night.

Both cars involved were headed south. George E. Helwig, 34, Gettysburg R. 1, in a station wagon, was seeking to pass a sedan operated by William Shafer, 27, of 235 Chambersburg St., when Shafer also started to pass. Damage was \$400 to the station wagon, and \$150 to the car.

## YOUNG FARMER GROUP TO HOLD DINNER NOV. 10

November 10 at 6:45 p.m. at Two Taverns was set as the time and place for the annual dinner of the Gettysburg Young Farmers' Association at Tuesday evening's meeting of the organization in Gettysburg Senior High School.

Clarence Eyer, chairman of the dinner committee, which also includes Roy Weaver, Kenneth Hill, John Schwartz and Frank Bowers, said Agricultural Education Teacher Elmer Schriver will show slides at the dinner of his "People to People" tour last summer to Russia. Turkey will be the feature of the meal. The cost will be \$1.50 per person.

John Schwartz and Irvin Conover were named as delegates to the state Young Farmers' convention November 18 at Pennsylvania State University. Several other members also expressed plans to attend.

President Irvin Conover said he will appoint a nominating committee to report at the November 10 session.

The refreshment committee for Tuesday evening's meeting included Charles Duttrow, William Eckert and Charles T. Cofelt.

Associate County Agent Joseph Lutz spoke on "Beef Feeding" and told the group: "It will be necessary to get away from traditional feeding methods if the beef raiser intends to make any money on his operations. While the beef feeding picture is not too bright, with some adjustments in methods, the farmer can make money on it. He must, however, realize that the money is to be made generally not every year, but every third year of his operation. He must also make up his mind what he is going to pay for his feeder cattle, and then stick by that decision. A lot of beef feeders have lost their profits by getting carried away at a sale."

## ALCLOR HELD FOR FEBRUARY COURT TERM

Justice of the Peace Robert P. Snyder this morning held the Hercules Alclor Chemical Co. of Seven Stars for the February term of court on two charges of violating an order of the state Air Pollution Commission. Bail of \$500 on each charge was posted by the firm.

The hearing started on charges filed October 17. When the hearing opened the prosecutors asked permission to amend the charges. When Attorney Ronald Hagerman protested amendment, the charges were dropped and new charges were filed, and the hearing held on those counts. The charges pertained to reactors alleged to have given off emanations in violation of the June 5 order of the pollution board.

One of the cases was based on emissions August 27. An Adams County jury found Alclor innocent October 16 on that charge when testimony showed that there were no emissions from the reactor. The next day the Air Pollution Commission brought a charge alleging emissions from the reactor which testimony had listed as emitting smoke on August 27. At the same time charges were brought on alleged emissions from the plant on October 17, the day after the trial had concluded.

More than 750 jammed into the ballroom for the kiddies' party and about 25 were turned away because there simply was no way to get them into the auditorium. Secretary William E. Dayton said. He also said the lodge plans next year to hold two events for the youngsters, one for those up through Third Grade on one night, another for Third through Sixth Grade another night in order to "more comfortably accommodate" the multitude of costumed youngsters who attend the event.

Following the party for the youngster a teen-age dance was held with about 75 attending.

## HEARING FOR CURTIS EWING THIS EVENING

Curtis Eugene Ewing, 34, 36 S. Potomac St., Waynesboro, formerly of Gettysburg, will be given a hearing this evening at 8 o'clock before Justice of the Peace Robert P. Snyder on a charge of murdering his wife last Wednesday.

Time for the hearing was set after the Adams County court Tuesday afternoon named Attorney Oscar F. Spicer and Attorney Edward B. Bulleit to represent the shoe company shipping clerk.

The appointment was made after Ewing had filed a "pauper's oath" stating he does not have funds to secure his own counsel and asking the court to appoint counsel to represent him.

District Attorney Gerald E. Walmer said this morning he did not know what testimony will be offered at the hearing, but anticipated that Pennsylvania State Police Cpl. Harold W. Eckenrode will testify that Ewing has made a statement in the case.

Ewing was arrested in his apartment in Waynesboro last Wednesday morning about four hours after his wife, Cleo Alberta Ewing, 38, Gettysburg R. 3, was shot to death in the kitchen of Mr. and Mrs. Richard Schultz, about 2 1/2 miles west of here along the Chambersburg pike. Mrs. Ewing had gone to the Schultz home, located next door to her home, about 1 o'clock in the morning and aroused the sleeping Schultz family to ask that she might use their phone to call state police. Mr. Schultz dialed the state police number for Mrs. Ewing, and then handed her the phone, stepping aside as he did. She had just started to talk to state police when a shot came through the kitchen window and nearly decapitated Mrs. Ewing.

SAYS SUPREME COURT RIGHT ON BIBLE RULING

The recent opinions of the U. S. Supreme Court banning prayer and Bible reading in the public schools were clearly foreshadowed by decisions of the Supreme Court over the last 25 years and appear to be in keeping with the intent of the authors of the U.S. constitution, Attorney Donald G. Oyler told the Torch Club at its meeting Tuesday evening in Trinity United Church of Christ.

Attorney Oyler reviewed the situation in the colonies before the establishment of the United States, and the fight against established religions in the colonies. Jefferson and Madison were among those who led the successful fight in Virginia to provide religious freedom by not having a state-established religion, and the experience of the prior years when there was no religious freedom led to the First Amendment providing religious freedom by specifically stating that Congress shall make no laws which would infringe on religious liberty.

While the First Amendment forbade Congress from infringing on religious liberty, the 14th Amendment later specifically stated that the states shall not infringe on the liberties of their people.

"The question then arose, what were these liberties spoken of in the 14th Amendment. In decisions starting 25 or more years ago, the court noted that the liberties were those so basic that they were part of the American scheme of things, such as freedom of religion. Thus the 14th would apply to the states what the First applied to Congress. Since the schools were state controlled, the line of reasoning would be that the states could not direct that prayer and Bible reading be conducted in the schools."

"This is not a question of what is preferable, or what should be. We can still feel that there should be prayer and Bible reading in the schools. The question here is whether the Supreme Court decision was legally right, and the whole history of the matter, the prior decisions, the history of the establishment of the First Amendment, all show that legally speaking, the decision of the Supreme Court is not controversial."

In quoting the decision of the Supreme Court majority, Attorney Oyler stressed that the opinion specifically pointed out that it was "not to be taken as forbidding courses of instruction in the schools about the Bible, for its historical and literary aspects."

The president, Col. Edwin Johnson, presided at the meeting.

World's Fair's Wildest Day:

**Today's Talk****GROWING PAINS**

Growing pains can only be associated with development and expansion. That's what we get every time we seek to improve our lot. We get them when we get dissatisfied with ourselves. That means we recognize that we need to correct ourselves, exercise our will, and look beyond.

Divine discontent is a good sign. That is what has raised nations to prominence and individuals to higher standards and greater influence. We ought to have these growing pains all our lives, and rejoice in the fact!

Discouraged people rarely are conscious of the fact, but they should always take heart, and bear in mind that even discouragements are growing pains working for good. Whatever the experience, there are sure to be growing pains at work somewhere in our make-up. Lincoln had them, all inventors have them to a very great degree; in fact, every worthwhile person who ever amounted to anything had them.

We should be filled with both joy and anticipation the same as the expectant mother, whose pains whisper to her of birth and happiness, when we feel these pains creep in upon us. They should be a sign most welcomed.

The boy and girl, budding into manhood and womanhood, have these pains. Often it makes them restless and irritating to others, but it is a natural development. It is a wonderful thing to grow into a man or woman.

The poet has written, "Only those are crowned and sainted, who with grief have been acquainted." Spiritual growth comes from grief, disappointment and failure. But there is always something better beyond and ahead. Difficulties, privations, and losses, mellow and ripen one's courage, and increase one's faith — in oneself, in others, and in God. The growing pains do it.

We should have both inlook and outlook to strengthen us along the way of life. Frequent inward examination, and outward observation toward usefulness, wherever the head and hand can lend. Be thankful for those growing pains — and march on!

**Just Folks****PERMANENT**

I know these things are true:  
The blossoms of the spring,  
Of summer skies the blue,  
Songs the wild birds sing,  
November's wind and rain,  
Winter's white counterpane.

Against man's lust and greed  
And change and sad decay  
The world's desire for speed;  
These will unaltered stay:  
Sun, moon and stars above,  
Friendship and faith and love.

Above man's strife for power,  
Beyond the tyrant will  
The meadow's lowliest flower  
Has lived and always will,  
Nor all man's boasted might  
Shall stay the mallards' flight.

These things I know are true:  
The deep desire for good  
Which runs man's whole life through  
Childhood and motherhood  
And these shall always stay  
When armaments decay.

New York (AP)—Ten thousand (estimated) signatures scrawled with pencils and lipstick on the dignified plaster feet of George Washington's statue bore testimony today of the wildest day in the history of the New York World's Fair. Some 200,000 teenage kids and younger jam-packed the \$155,000,000 exposition Friday, drawn by a special nickel admission price and a free holiday from school. Like a plague of jitterbug grasshoppers they swarmed over the Flushing flats in a crush so great that more than 200 hard-boiled Gotham cops gave up hope of keeping order. Fair officials were forced several times to throw open emergency gates and let thousands of persons in free to save them from being pressed to pulp by shouting throngs behind. In Frank Buck's jungle-land, lions covered fearfully in their dens. Keepers said some of the monkeys, peppered by thousands of peanuts, had become neurotic. Childish autographs written everywhere that adolescent ingenuity could contrive — on gleaming wall, try-lon, periscope and hot dog stand. Fair officials said the total damage was comparatively small. But their verdict was "things will never seem quite the same again."

quest brought a lengthy discussion of the "abuse" of parking privileges by persons holding permanent parking permits. President Howard Myers commented, "This sort of thing defeats the purpose of parking regulations, because persons with permanent permits keep the meters tied up all day and shoppers still are unable to park on our streets."

Council also agreed to provide manpower for the erection of Christmas decorations and street lights for the Chamber of Commerce before Thanksgiving.

Mayor Stites reported \$609.68 in meter collections for the month, \$48 in parking fines and 11 traffic violations. He reported that the police car had traveled 1,713 miles during the month and recommended that all meters should be cleaned and oiled.

**NO PROJECT FUNDS**

A communication in response to the borough's request for recreation facilities funds under Project 70 indicated that Littlestown at present is not eligible for grants under the program. However, council will continue to study the proposals in the hope that the area can qualify for benefits.

The street committee reported that Cemetery St. will be oiled and chipped today and councilmen approved a damage schedule of \$35 to property owners who suffered sidewalk damage during the construction of the street. The committee was instructed to stone the alley at the rear of W. King St.

Treasury balances were listed as \$55,370.41 in the general account; \$9,872.26 in the water account; \$40,874.03 in the sewer account and \$8,316.42 in the meter account. Council approved payment of bills in the amount of \$3,147.27 from the general, water and sewer accounts.

Keefer informed council that a representatives from the state Department of Health and Albrit and Friel, Engineers, will meet November 6 to further study the water situation and continue well tests.

Junior quarterback Jim Ward, 6'2", 190-pounder, turned in one of the most explosive performances in Gettysburg College football history when he guided the Bullets to a 51-20 romp over Muhlenberg last Saturday.

Coach Gene Haas' field general scored four touchdowns and threw for two others. He accounted for 368 of Gettysburg's 614 total yards. Ward ran the ball nine times for a net rushing of 185 yards. The ground gains included TD jaunts of 68, nine, one and 70 yards. He completed 11 of 14 passes for 183 yards and his two scoring tosses went for 24 and 38 yards.

His exhibition vaulted him over the 1,000-yard total offense mark in Gettysburg's games to date. Ward has become the second leading rusher on the team, having carried the ball 49 times for 253 yards. In the passing department he has completed 61 of 108 tosses for 750 yards and 11 touchdowns. Four of his aeriels have been intercepted and he has thrown three pass conversions. He is also the team's top punter with a 33.8 average for 19 boots.

**RUSHING LEADER**

Senior Tony Presogna, Curwensville, leads the rushing parade with an even 300 yards on 70 carries. Flankers Ken Snyder, Hershey, and Dale Boyd, Pennville, N.J., continue to dominate the pass receiving. Snyder has pulled in 23 aeriels for 381 yards while Bold has accounted for 14 catches for 138 yards. Snyder leads the squad in scoring 38 points on six TD's and one pass conversion. Presogna is second with 30 points on five touchdowns.

As a team, the Bullets have come a long way in rushing. Known primarily as a passing team, Gettysburg is averaging 150.2 yards per game on the ground compared to its opponents 155.8. The Bullets have jumped to a 208.2-yard average through the air while the defense is holding the opposition to a meager 85.8 yards per contest. Gettysburg has run off 421 plays for a total offense of 2,150 yards while the opposition has executed 352 plays for 1,448 yards.

Gettysburg is currently 5-1 on the season and in those six games has rolled up 166 points for a 27.7 average. The opponents have tallied 79 for a 13.2 average.

## OLD AAU-NCAA FEUD TO FLARE BY NEXT WEEK

By BOB GREEN

Associated Press Sports Writer  
NEW YORK (AP) — The skirmishing has started and the first major shot is expected next week, now that the Olympics have ended, an end that also terminated the AAU-NCAA truce so carefully forged by the late Gen. Douglas MacArthur.

"There are no more rules," an NCAA spokesman told The Associated Press Tuesday, "not unless the government steps in again. I think it's safe to say that something more than talk is going to happen."

At stake in the fight, which was recessed after the late President Kennedy asked Gen. MacArthur to step in, is control of amateur athletics in this country.

**TEST TO COME**  
The major participants are the Amateur Athletic Union and the various sports federations fostered by the National Collegiate Athletic Association. The federations cover track and field, gymnastics, basketball and wrestling.

"The track and field federation is the one," the NCAA sources said. "The gymnasts, the wrestlers pretty much go their own way. The AAU isn't concerned. Basketball becomes an issue only in an Olympic year."

"So the track and field federation will be the first to test its strength, a test that undoubtedly will come at the start of the indoor season."

**MEETING COMING UP**  
"The NCAA Council is meeting this weekend. They undoubtedly will formulate and publish a policy. The NCAA members want a policy, a guideline, something to stand on. This policy should be newsworthy."

It works like this:  
The AAU holds the international franchises for sanctioning of amateur sports in this country. The NCAA, which represents the nation's colleges and their athletes, feels it should have a greater voice in the administration and sanctioning of their athletes in international competition.

That, essentially, is what the fight is all about.

## IRISH PRESS TULSA'S LEAD

NEW YORK (AP) — Notre Dame has charged up to challenge Tulsa in total offense and Bowling Green has taken over the rushing leadership in major college football.

Tulsa retained its three-way hold on three offensive departments — the Hurricane also leads in passing and scoring — but faced a threat from the Irish.

Notre Dame, amassing 315 yards in the air against Stanford last Saturday, moved from eighth place to the runner-up spot with an average of 393.6 yards gained a game. Tulsa leads with 459.6, according to NCAA service bureau statistics released today.

Tulsa leads in passing with a 295.6 pick up a game and is first in scoring with 39.4 points a game. Iowa is second in passing at 258.2 with Utah State the scoring runner-up at 38.7.

Bowling Green, meanwhile, capped a steady climb to overtake Nebraska for rushing leadership. The Falcons led with a 271.2 average to 256.7 for the Cornhuskers.

## Double Role For Nellie Fox In '65

ST. THOMAS, Pa. (AP) — Second baseman Nellie Fox says he has signed a 1965 baseball contract with the Houston Colt 45's calling for him to double as a player and a coach.

Fox said Tuesday the contract was in the area of \$40,000, a cut from the salary he received during the past season as a player with the National League Club. Fox batted .265 in 130 games this year. The former all-star has a 290 lifetime batting average in 17 years in the major leagues, most of which were spent with the Chicago White Sox.

## CURT FLOOD WRONG ABOUT HIS NEIGHBORS

By LYLE W. PRICE

ALAMO, Calif. (AP) — Negro baseball star Curt Flood and his family settled into their leased \$35,000 house today after a warm greeting from their white neighbors instead of the loaded shotgun they had been warned to expect.

The St. Louis Cardinals center fielder was all smiles. His pregnant wife wept for joy.

"We think it's so fine you are here," said Mrs. Joseph Cone of Alamo, located 15 miles east of Oakland, Calif., as the Floods moved in Tuesday with the aid of a court order. "Especially since you have four children. We live just around the corner."

**KIDS ARE THRILLED**  
"I don't see anything wrong with them," said Mrs. Dan Sweeney. "My kids are thrilled. They hope he'll teach them to play baseball better."

The welcomes and a waiting, fully prepared meal reduced Flood's wife, Beverly, 25, to tears.

"I'm all choked up. We wanted a country atmosphere a place where our kids could expand. When we saw this house, we knew it was what we wanted," Mrs. Flood said.

Flood is a native of the area and was graduated from Oakland Technical School. His wife is from St. Louis.

Moving day for the Floods included assistance from a locksmith and the sheriff of Contra Costa County.

**HOME SEARCHED**  
The sheriff and 11 deputies searched the home, presumably to see if it was safe, before Flood and his wife moved in. The locksmith opened the locked house by drilling a hole in a back door, then changed all the locks for the Floods.

The Floods planned to stay with their children, Debbie, 7; Gary, 6; Curtis Jr., 4; and Shelley, 3, in an Oakland motel until their furniture arrives and utilities are turned on.

Flood, 26, obtained a temporary court restraining order Monday to be able to occupy the three-bedroom ranch-style house at Alamo, a quiet suburb of 1,791 persons.

The Floods' attorney said in a suit that George Finn and an unnamed man had brandished shotguns at the home Saturday night and told Phyllis Schofield, a real estate agent, that they would shoot any Negroes who tried to move into the neighborhood.

## WILT MISSING FROM SCORING

NEW YORK (AP) — All those old familiar names are there in the National Basketball Association scoring statistics released by the league today. All of them but one.

You can't help noticing the absence of Wilt Chamberlain's name though. The 7-foot-1 San Francisco star hasn't played any games this season because of a stomach disorder.

Wilt's illness has left the field wide open for the rest of the NBA shooters. And they'll need as big a lead as they can get because Chamberlain is expected to return to action this weekend.

While the Warrior star was convalescing, Jerry West jumped off in front in scoring with 122 points for a 30.5 average. Baltimore's Bailey Howell is second with 116 and a 23.2 average. Figures include games through Monday.

Nate Thurmond, who is filling in for Chamberlain in the Warrior scheme of things, tops the rebounders with 90 to 88 for Boston's Bill Russell.

Cincinnati's Oscar Robertson remains the No. 1 playmaker with 43 assists in four games. St. Louis' Cliff Hagan has a .571 shooting average to lead that department and Adrian Smith of Cincinnati tops the foul shooters with 18 of 19 for .947.

## G-BURG FACES JINX IN GAME AT LAFAYETTE

It will be Founders' Day in Easton Saturday and if Gettysburg's Bullets expect to annex their fifth MAC grid victory they will have some tall shooting to do against the Lafayette Leopards.

Gettysburg's biggest problem will be to overcome the "even year" jinx the Leopards hold. Since 1957 Gettysburg has captured victories on the odd number years and Lafayette has won on the even years. The Bullets escaped last season's contest with a narrow 14-12 verdict. The last Lafayette win was a 20-14 decision in 1962.

The two schools will be tangling for the 24th time in a series which dates back to 1894 when the Leopards copped a 36-0 verdict. Lafayette went on to shut out the Bullets seven out of the eight following clashes. Gettysburg's first win was a 2-0 triumph in 1936. Through the years Lafayette has walked off with 15 wins compared to Gettysburg's eight.

Coach Gene Haas' Bullets are 5-1 during the current season, having defeated Hofstra, Bucknell, Delaware, Lehigh and Muhlenberg. The lone setback came at the hands of Albright. Lafayette has tied Hofstra and lost encounters to Brown, Delaware, Temple and Bucknell.

## CRAIG FERTIG IS NAMED AS BACK OF WEEK

Associated Press Sports Writer  
Craig Fertig, quarterback for the University of Southern California Trojans, was named Back of the Week today by The Associated Press.

Fertig threw four touchdown passes and over-all completed 21 of 28 passes for 371 yards in a 26-21 victory over California last Saturday as the Trojans bounced back from their defeat at the hands of Ohio State the previous week.

In the last two minutes of play Fertig completed six straight passes for 95 yards, the last for 22 yards and the winning TD. In addition he averaged 37.6 yards on punts.

Bill Wolski, Notre Dame halfback; Jim Grabowski, Illinois fullback and Bob Schweickert, Virginia Tech quarterback, were high up in the weekly voting by sports writers and broadcasters.

Wolski rushed 18 times for 102 yards and scored three touchdowns as the Irish beat Stanford. One of his TD's was a 54-yard pass from John Huarte.

Grabowski also scored three touchdowns on runs of 33, nine and four yards. Altogether he rushed 171 yards on 27 carries against UCLA. This was the most Illinois rushing yardage in one game since Abe Woodson's 181 against Minnesota eight years ago.

## Baltimore Edges Mountaineers 2-1

The Mt. St. Mary's College soccer team dropped its second match of the season to the University of Baltimore 2-1 on the latter's field Tuesday.

## BREAKS LAND SPEED RECORD

BONNEVILLE SALT FLATS, Utah (AP) — Art Arfons was again the fastest man on wheels today — a title he earned once before this month, but was able to hold only eight days.

Reaching speeds he estimated in excess of 600 miles per hour Tuesday, Arfons rocketed to a record average 536.71 miles per hour in a two-way run through a measured mile on the salt flats.

The Akron, Ohio, garage owner now has his sights set on a record of 650 miles per hour, and then — the speed of sound.

"But until I know a little more about the speed of sound and what happens, I'm not going to try," the 28-year-old racer said.

Arfons' performance Tuesday marked the fifth time this year a land speed record was broken here.

Craig Breedlove of Los Angeles had held the land speed record at 526.26 m.p.h.

## BROWNS LOOK BAD ON PAPER BUT THEY LEAD

NEW YORK (AP) — Ninth in team offense and last in team defense.

Those aren't terribly impressive credentials but they don't bother the Cleveland Browns. As long as they're first in the National Football League's Eastern Division, they couldn't care less.

The Browns, who took undisputed possession of the lead after whipping New York 42-20 last Sunday, also are last in ball control plays. So how come they're leading their division?

**POINTS WIN GAMES**  
For one thing they've scored more points than anybody else in the league except Baltimore and points, not statistics, win ball games.

If the Browns had to depend on the statistics, they'd be in trouble. Their 2,462 yards allowed is almost 200 yards less than any other club has surrendered. Their 1,971 yards gained leads only five other NFL clubs.

Cleveland has run only 381 ball control plays on offense, the fewest for any team in the league. Ball control plays are described as pass attempts and rushes. Punts and field goals—plays where the ball is voluntarily surrendered—are not included.

The Browns have scored 184 points, second only to the Colts' 237.

Baltimore leads the Western Division.

## Chase Lineman Off Ice In Dispute

By THE ASSOCIATED PRESS

Chicago's Stan Mikita, off to a fast start in defense of his National Hockey League scoring championship, ran into trouble with the officials as the Hawks lost to the Toronto Maple Leafs 3-2 Tuesday night.

Mikita, who collected two points, and Hawk Coach Billy Reay charged onto the ice after the game ended, chasing linesman Matt Pavelich in a dispute over an off-side call against Chicago.

Pavelich won the argument, Toronto took over sole possession of first place in the league and Mikita extended his scoring lead. But referee John Ashley had to prevent Reay and Pavelich from exchanging punches at the end of the game.

The victory gave the Maple Leafs nine points, two points in front of the Hawks, Detroit and Montreal—all tied for second place.

## JACKSON IS PEACEMAKER IN NBA FIGHT

NEW YORK (AP) — Lucious Jackson must have brought some of that Olympic goodwill back from Tokyo with him.

Jackson, the 6-foot-9 star of the U.S. basketball championship game victory over Russia last week, exhibited peace-loving tendencies in his first National Basketball Association game Tuesday night.

They came during a fight that erupted between Jackson's Philadelphia teammate, Dave Gambee, and St. Louis' Charley Vaughan. When Gambee and Vaughan started swinging at each other at one end of the court, players from both benches rushed to join in.

Not Jackson, though.

**14 REBOUNDS**  
"I was standing there keeping more guys from getting on the pile," the 240-pounder explained afterward. "I was watching."

That was about the only time during the game, though, that Jackson just stood around watching.

The rookie from Pan American College made his presence felt, particularly under the boards in Philadelphia's 100-81 victory over the previously undefeated Hawks. Boston crushed New York 131-103 in the second game of the doubleheader.

Jackson scored only 10 points but grabbed 14 rebounds, high in the contest.

## TOAST UNITAS AS GREATEST IN NFL ANNALS

By GEORGE BOWEN

Associated Press Sports Writer  
BALTIMORE (AP) — "Here's John Unitas, the greatest quarterback in National Football League history," was the introduction by Coach Don Shula at a luncheon in honor of the Baltimore Colts.

"Coach, you got some nerve," said Unitas.

The reaction has been typical of the outspoken Unitas to the praise being lavished on him once again now that the Baltimore Colts are riding high. At the same luncheon, he referred to some backslappers as "front runners."

**SCORE 31 TDs**  
Unitas is being toasted because the Colts have crossed the goal line 31 times in winning six out of seven games to lead the Western Conference. He can recall last season when they scored only 35 touchdowns in 14 games and there were boos.

"Our offensive line took a lot of abuse unnecessarily," says Unitas. "I never thought the line was over the hill, although a lot of people did. They are now getting some well deserved recognition."

If anything was to blame, it was lack of a running attack. "Consequently we had to throw 75 to 80 per cent of the time," Unitas explains. "If you have only one offensive phase, a passing attack, then the defense can blow in on the offensive line and they have to break down a couple of times during a game."

Unitas squelches any idea that the Colts have found something or somebody new that suddenly turned them into a high scoring outfit.

## Spiders Defeat Bigler Jr. High

Ed Hershey's second touchdown of the game which came in the final period gave the Hanover Spiders a 13-7 victory over the Biglerville Junior High gridders Tuesday at Hanover.

Biglerville, now 1-4, winds up its season at Littlestown next Wednesday.

Score by periods:  
Biglerville 0 7 0 0-7  
Hanover 6 0 0 7-13

## LOSE THIRD STRAIGHT

The Delone Catholic High junior varsity football team lost a 12-6 decision to Scotland at McSherrystown Tuesday. Delone, 3-3 after three straight losses, plays at Hanover next Monday.

## Big Joe Stanka Winner In Japan

WAYNOKA, Okla. (AP) —

Big Joe Stanka, who left the Chicago White Sox after the 1959 season because his proffered contract wasn't too good, earns around \$35,000 a year playing baseball in Japan and says he would not like to be in the sport in the United States now.

Stanka, 6-foot-5 and red haired, pitched his Nankai Hawks to the Japanese World Series championship. He started four games in the series and won three, all shutouts.

"There are six teams in our league and three of them are in Osaka where we live," he said, explaining why he likes to play ball in Japan. "I'm home most of the time. Also, I pitch one night, then I'm off until I start again. I don't pitch in relief."

EDITOR'S NOTE — Pennsylvania, with 29 electoral votes, has the third largest total after New York and California. President Johnson appears to have a long lead in Pennsylvania now. Here is a report on the political situation in the Keystone state.

**By JACK LYNCH**  
HARRISBURG, Pa. (AP) — Pennsylvania's political leaders, Republican and Democrat alike, are working harder than they ever have before in a presidential election campaign.

They are being spurred, for different reasons, by polls which indicate that President Johnson enjoys a heavy lead over Sen. Barry Goldwater in the race to capture Pennsylvania's 29 electoral votes.

Republicans headed by Gov. William W. Scranton are working intensively to prevent a Democratic landslide which, in addition to giving them a black eye nationally would threaten their hold on the state legislature.

**FEAR COMPLACENCY**  
Democrats, fearing that the polls might lead to complacency among their workers, are working to give Johnson a major triumph and, at the same time, capture at least the lower house in the state legislature.

Polis of Pennsylvania voter sentiment generally follow the national pattern as indicated by widely published pollsters.

One poll taken last week by the Pittsburgh Post-Gazette in the city's "barometer" wards indicated that 66 per cent of the voters favored Johnson. Only 12 per cent were for Goldwater with 22 per cent undecided.

**FEELINGS RUFFLED**  
The feelings of many Pennsylvanians were ruffled by Goldwater's defeat of Scranton for the presidential nomination.

Although Scranton said many harsh things about Goldwater in his 32-day campaign to win the nomination, the governor fulfilled a pledge to back the convention's choice and went into eight states in recent weeks to make speeches for the national ticket.

He also is campaigning heavily at home, appealing for support of Goldwater as well as for nominees for the state legislature. He says he needs a Republican legislature to complete the programs laid out for his final

**STRESSES INDEPENDENCE**  
Scranton also is considered to have played a role in convincing Sen. Hugh D. Scott, his floor manager at the GOP convention, to endorse Goldwater.

But, running as a liberal Republican, he stresses his independence in areas of Pennsylvania where anti-Goldwater sentiment is heavy, and in conservative sections he points out his "party regularity." When he does mention Goldwater, he points out their differences, but says basic Republican principles are still better than those of the Democrats.

**TIE-IN STRATEGY**  
Scott's Democratic opponent, Miss Genevieve Blatt, who as state secretary of internal affairs became the first woman to win statewide office in Pennsylvania, constantly tries to link Scott with Goldwater.

Democratic candidates for Congress, the legislature and four statewide offices — auditor general, state treasurer, and two Superior Court judgeships — generally use the same tie-in strategy. They also campaign heavily on Johnson's record, hoping that the presidential vote will filter down to them.

## SUDAN TO END SIX-YEAR RULE BY MILITARY

KHARTOUM, Sudan (AP) — After five days of bloody rioting, President Ibrahim Abboud promised Monday night to end the military's six-year rule of the Sudan. Opposition political leaders called off a general strike scheduled today.

Abboud set no date for the end of military control but in a broadcast promised progress toward a government "acceptable to all citizens."

His first move was to take full power personally, dissolving the ruling Supreme Military Council of eight generals and the Cabinet. Abboud was chairman of the council, which seized power in a bloodless coup Nov. 17, 1958.

### OTHERS UNDECIDED

There was no immediate indication whether other military leaders would bow to Abboud, who also is commander of the army and widely respected.

The president said he would call the legislature into session to consider protests made during disorders in Khartoum and adjoining Omdurman and North Khartoum.

Ten persons were killed and about 100 injured in the rioting, according to unofficial estimates. No Americans were among the casualties, although university students stoned the U.S. Embassy and attempted to burn it over the weekend.

## Democrats Will Use Telephones

HARRISBURG (AP) — Democrats are planning what they call a "Tell-A-Friend" telephone campaign in Pennsylvania on election day.

On Thursday, the wives of all Democratic congressional candidates in the state will set in motion the personal appeal for voter turnout.

Genevieve Blatt, candidate for the U. S. Senate, and Mrs. Grace Sloan, candidate for auditor general, will set the campaign in motion with a conference call to each of the wives.

The wives are then to call 10 friends urging them to vote Democratic. The friends, in turn, are to build the chain appeal by calling 10 of their friends.

He recalled his regime had announced a plan last year — which opposition leaders called a smokescreen to retain power — calling for "a sound political system."

Now, Abboud said, he had decided to take over full power "as a first step toward accelerating the attainment of our required goal."

Sudan, lying immediately south of the United Arab Republic, had been an independent parliamentary republic 34 months when the British-trained Abboud first seized power.

During the period of parliamentary rule, Sudan had been plagued with political snarls, corruption and ineffective government.

**\$1,595**

What's the catch? There isn't any. \$1,595 is the suggested retail price at the port of entry for the Volkswagen Sedan.

The price includes Federal excise tax and import duty.

It includes the built-in heater/defroster, windshield washer, electric windshield wipers and dual padded sun visors.

It's the price of the real thing; not a stripped-down economy model.

What else do you have to pay?

The charge for transporting the car from the port of entry: \$12.35. The dealer delivery charge: \$21.00.

There is one optional that makes a lot of sense: the matching leatherette upholstery, for \$30.00 extra. Nearly everyone orders it because it eliminates the need for slip covers. And that's it. (Unless, of course, you count in the cost of gas and oil it takes you to get here in your present car.)

SAY CAMBODIA STRAFED VIET BORDER AREA

By JOHN T. WHEELER  
SAIGON, South Viet Nam (AP) — The Defense Ministry charged Tuesday that Cambodia sent three air force planes to strafe and bomb a Vietnamese border area in the Plain of Reeds.  
The Cambodian government warned that it will sever diplomatic relations with the United States and recognize North Viet Nam and the Viet Cong's National Liberation Front if American and South Vietnamese forces commit further "aggression" against Cambodia.  
Cambodia broke diplomatic ties with South Viet Nam last year. Prince Norodom Sihanouk threatened several times to break with the United States.  
The South Vietnamese Defense Ministry said that the Cambodian planes shot up an area a mile or so from where American Special Forces Capt. Herman Y. Towery was allegedly seized by Cambodia troops last week and later found dead.  
Sihanouk followed up his threat to break relations with the United States with a statement warning that Cambodia will respond "blow for blow" to any attacks.  
Cambodia charged earlier its air space was violated Saturday by a South Vietnamese plane in the province of Modokiri. The government said Cambodian anti-aircraft fire downed the plane.  
U.S. authorities in Saigon said there were indications Cambodian ground fire downed a twin-engine transport that crashed Saturday, killing eight Americans aboard. The Americans said the plane came down in Viet Nam about half a mile from the Cambodian frontier.

SHAPE OF THE NAPE. "If most women could see the backs of their necks, they wouldn't care for the view."

The foregoing is a quote from an internationally known hair-stylist. He ought to know. He

spends his life snipping away at the back of the feminine head.  
Just what's wrong with the territory? It's neglected to the point where the skin becomes sallow and coarse, and sometimes blemished. The neglect of course is not deliberate but purely oversight. To put an end to it, all that's needed is a rearview mirror. The nape becomes unforgettable when plainly seen.  
Keeping the area in condition is a simple process. A good beginning might be to use a soft brush on the back hairline while shampooing. A stiff brush scrub of the skin during the daily bath is also indicated. Those attentions tone the pores and stimulate the skin's color. Moreover, a long, firm scrub tends to keep down the fatty layer to which the mature are prone.  
The nape also responds to what-

MILWAUKEE (AP) — The Pennsylvania Railroad plans to increase its capital spending by next year for new equipment and facilities to about \$150 million, up \$30 million over the 1964 outlay.

The disclosure was made on Monday by Stuart T. Saunders, chairman of the PRR, in an address before the annual dinner of the Milwaukee Traffic Club.

RED LEADERS PRESS HARD TO BOLSTER GRIP

By GEORGE SYVERTSEN

MOSCOW (AP) — The Kremlin's new leaders pressed their campaign today to restore unity in the European Communist world in the aftermath of Nikita Khrushchev's ouster.

The government newspaper Izvestia aimed an appeal at the Soviet Union's East European allies, warning in a front-page editorial that further economic progress in the bloc will require stronger unity.

Izvestia made no mention of Red China and the bitter dispute which split it from the Soviet Union. The appeal apparently sought to quiet unrest that has swept the East European nations since Khrushchev was dumped Oct. 14 as premier and first secretary of the Communist party.

"CAUSE OF PEACE"

Izvestia did not name Khrushchev, but it repeated assurances that his policies of de-stalinization and economic progress would be continued by party leader Leonid I. Brezhnev and Premier Alexei N. Kosygin.

"In the present moment," it said, "the cause of peace and social progress in an increasing degree depends on strengthening the unity of all anti-imperialist forces and first of all the unity of the Socialist countries, the world Communist movement."

The key step, it said, was the economic cooperation agreements the Soviet Union concluded with the Communist East European nations.

APPLY PRESSURE

Diplomatic informants in Vienna said they had heard the Kremlin was putting pressure on East European Communist parties to speak out against Khrushchev. So far only Hungary has done so. Its central committee issued a statement Sunday saying Khrushchev's regime made "regrettable mistakes."

Hungary, Czechoslovakia, East Germany and Poland have all praised Khrushchev since his ouster. The diplomats in Vienna said the Kremlin has told its allies it was time they realized that Khrushchev had outlived his

usefulness.

The Soviet leaders apparently faced more difficulty with leaders of the West European Communist parties.

Red delegations from France, Denmark, Austria, Italy, India and other countries have begun flocking to Moscow to find out the real story of the sudden power shift and what it portends.

HOLD CITATION FOR CONTEMPT

JACKSONVILLE, Fla. (AP)—

A federal court contempt citation against a U.S. attorney was postponed indefinitely Monday, pending an appeal which will decide if the Justice Department has power over a federal grand jury.

The 5th Circuit Court of Appeals issued the stay to U.S. Atty. Robert Hauberg of Jackson, Miss., "pending disposition of the appeal."

Hauberg was cited for civil contempt by Dist. Judge Harold Cox when he refused to sign five grand jury indictments last week. Hauberg said he was un-

Gets Prison Term For Armed Robbery

NORRISTOWN, Pa. (AP) — Richard Cromley, of Norristown, has been sentenced to 7½-to-15 years in prison after being found guilty on armed robbery and on morals charges in connection with a July 17 robbery at a Western Union office here.

Cromley was convicted Monday of the ice-pick holdup of an 18-year-old Western Union clerk. About \$700 was stolen from the office.

Cromley, a former convict and mental patient, was sentenced by Montgomery County Court Judge E. Arnold Forrest.

der orders from Acting U.S. Atty. Gen. Nicholas Katzenbach not to sign.

In appealing the citation, the Justice Department asked that Cox be stopped from compelling Hauberg to sign the indictments. It said Cox has no right to decide what federal crimes the federal government will prosecute.

The indictments stem from a federal grand jury investigation in Jackson which reportedly sought perjury indictments in a civil rights case.

BLAST WRECKS NEW BUILDING

WILLOW GROVE, Pa. (AP)—An explosion late Monday night knocked down part of a garden apartment under construction here, police reported. The structure was unoccupied and no one was hurt, they said.

Police estimated damage at \$60,000.

Fire Marshal Robert Akers, of Willow Grove, said the blast, which ripped out three walls of the three-story building, was caused by dynamite.

Five firemen, including Akers, barely escaped injury when a side wall crashed down after the blast.

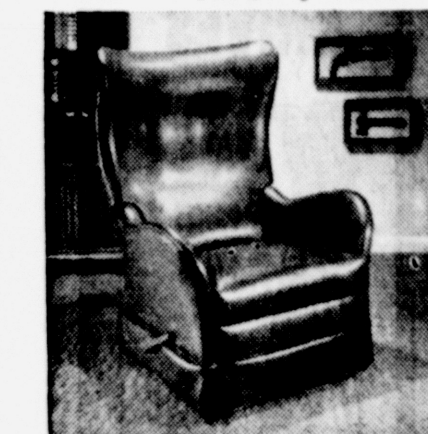

The explosion was heard as far as two miles from the site. Police said the apartments were being built by non-union labor, but there had been no incidents at the site.

Last January, a similar explosion damaged the International Motor Lodge in nearby Lester. Police blamed the use of non-union labor for that blast, as well as for an explosion three weeks later which damaged the motel's administration building.

Styled in the American Tradition

A bold departure from the conventional type of lounge chairs is the new AMERICANA "600" Series by La-Z-Boy. Inspired by Thomas Jefferson's lounge chair in Monticello, the AMERICANA is a rocker that can be easily converted into a TV footrest chair, or a fully reclining lounge chair, by simply raising the selective footrest lever.  
The AMERICANA is available in four distinctive styles: The Dolly Madison for transitional decor. The Betsy Ross is truly an Early American design. The Ben Franklin is traditional in the masculine manner. The Monticello is contemporary in styling.

## JANE FONDA IS TURNING INTO BARDOT IMAGE

By DORIS KLEIN

HOLLYWOOD (AP) — The nagging question when you see Jane Fonda these days is: Is she becoming another Brigitte Bardot?

Jane's honey-hued locks swirl as hip-length as Brigitte's. Her full lips have a naturally pouty look.

She has been the toast of France for nearly two years.

Even her best beau is Brigitte's ex-husband, Roger Vadim, one of France's top, young new wave film makers.

At 26, Jane is four years younger than Brigitte, who turned 30 this year.

### LIKES TRAVELING

"I don't think I've changed much," says Jane, back in Hollywood to make her first West-

ern, "Cat Ballou." "About the only thing I enjoy now I didn't enjoy two years ago is traveling."

Then her eyes light up as she tells about a recent trip to Moscow.

But basically, Jane is still Jane — an exotic product of childhood as the daughter of a Hollywood star, of Eastern private school training, and of several blossoming years as a star in her own right.

TASTE FOR MEN There's another similarity to the old Jane. She still goes for Svengali-like men she can lean on.

Two years ago, it was young Greek director Andreas Voutsinas. Jane was making "Period of Adjustment" at MGM and going over her lines after work in her Malibu beach house with Andreas.

"He's always around," a co-worker complained at the time, "and she listens to everything he says."

Sometime during the last two years, Andreas faded out of the picture.

## PRIEST LOSES LIFE IN RIVER

HUNTINGDON, Pa. (AP)—A Roman Catholic priest drowned and the parish housekeeper was injured Monday when an explosion sank a 16-foot inboard motorboat near the Raystown Dam on the Juniata River.

The body of the Rev. Walter J. Wernowski, 48, of Altoona was pulled from eight feet of water Monday night about four hours after the mishap.

Dr. Harry Negley, Huntingdon County Coroner, said death was caused by drowning.

Miss Virginia Fugura, 46, who lived at the parish in Altoona, suffered second degree burns of the forearms and lesser burns of the legs, a spokesman at the Blair Memorial Hospital said. The woman's condition was listed as good.

around, too — when he isn't commuting to Paris from Hollywood.

Jane already has appeared in a remake of "La Ronde" which Vadim made in France.

When she finishes "Cat Ballou," Jane and Roger will fly back to France, where she bought a farm house outside Paris near Versailles four months ago.

Will she live there as Jane Fonda or Mrs. Roger Vadim?

"The only room I'm going to have is an office," says Jane. "I'm not going to settle down for a long time."

### BAD SOLUTION

GASTONIA, N.C. (AP) — A property owner decided to sink her own well to avoid drinking fluoride water that the city recently began dispensing.

This was fine, city officials said, but noted that some well water in the Gastonia area contains more natural fluoride than is being supplied to the municipal water supply.

## NEW PA. RULING ON HAMBURGER

HARRISBURG (AP) — The State Agriculture Department says hamburger sold to the public must in the future contain no more than 30 per cent total fat.

In the past, as much as 50 per cent fat was permissible. A new set of regulations released by the department Monday continued to ban the use of preservatives, coloring, meat by-products and filler, such as bread and crackers.

Ground or chopped beef from a specific portion of the carcass may contain no added fat and total fat may not exceed 20 per cent, according to the Bureau of Foods and Chemistry.

The rules also require label identification of the specific cut, such as ground round or ground chuck.

Another section of the new rules requires that smoked ham, pork and bacon may not exceed the weight of the fresh uncured meat unless it is clearly labeled that water has been added. The extra weight may not exceed 10 per cent of the weight of the fresh, uncured cut.

## Avella Water Co. President Freed

HARRISBURG (AP) — The president of the Avella Water Co., in Washington County, serving an indefinite term for contempt of court, was released on bail Monday night on a writ signed by Judge G. Harold Watkins of Superior Court.

Judge Watkins signed the writ of supersedeas hours after commonwealth court had recommitted Paul Ciaffoni, 70, Ciaffoni had been given 30 days of freedom in which to comply with a

directive to improve water service to his 360 customers.

Attorneys Arthur L. Goldberg, and Milton B. Rosenberg asked Commonwealth Court Judge Carl B. Shelley to suspend the confinement order pending a hearing to determine if Ciaffoni had purged himself of contempt by making the directed improvements.

Judge Shelley refused and Rosenberg drove to Frackville where he acquired Judge Watkins' signature on the writ. The prisoner was released in \$1,500 bail.

REPUBLICAN~DEMOCRAT

CEDAR RAPIDS, Iowa (AP) — Sen. Barry Goldwater said today President Johnson "kidnapped the Democratic party" for eventual delivery to Socialists when he chose Sen. Hubert H. Humphrey as his running mate.

The Republican nominee for the White House hammered away at his charge that Johnson is hungry for power, and accused the President of trying to frighten people into voting for him.

"I charge," the Arizona senator said, "that the Johnson machine is driven by lust for power, by fear of the exposure of wrongdoing in high places, by fear of punishment and by hope of special privilege."

Goldwater alternated between defense and attack in a speech prepared for a rally at Cedar Rapids, Iowa. It kicks off a day of Midwestern vote-hunting that will take him also to Oshkosh, Wis., and East St. Louis, Ill.

Man With Guns In Florida Is Freed

JACKSONVILLE, Fla. (AP) — A young Michigan steelworker who was carrying two guns when he was arrested a few blocks from where President Johnson was speaking Monday, is free.

Police dropped a vagrancy charge against Bruce Lee Cornell, 23, of Wyandotte, Mich., Tuesday. They said it was de-

PITTSBURGH (AP) — Thousands of men, women and children — lining highways and streets and jamming into Pittsburgh's Civic Arena — gave President Johnson a warm welcome Tuesday night as he made a late campaign appearance in this steel center.

Attracted by balmy weather and the chief executive's only campaign stop here, thousands of banner-waving Johnson supporters greeted him at the Greater Pittsburgh Airport.

Thousands more lined his motorcade route along the Pennsylvania Turnpike and through downtown Pittsburgh.

Lawrence J. Maloney, assistant superintendent of Pittsburgh police, estimated 30,000 were on hand at the Civic Arena—13,000 of them packed inside the silver-domed auditorium.

At the airport, young men and women passed out Democratic campaign badges and literature to the crowd that was pressed against a metal railing. No Barry Goldwater supporters were evident, but there were plenty of signs and placards referring to the Republican presidential nominee.

Johnson was innocently passing through Jacksonville when the incident occurred. Police arrested Cornell, a former Navy enlisted man who was once stationed here, in a downtown bank. They found an unloaded carbine in his carrying case and a loaded pistol in a zipper bag. He had an account in the bank.

Safer To Close During Speeches

ALBUQUERQUE, N.M. (AP) — While Republican presidential candidate Barry Goldwater spoke here Sept. 22, a man robbed a branch of the First National Bank of more than \$37,000.

Police were busy controlling traffic and crowds during the Arizona senator's visit.

President Johnson was to be in town for a speech this morning, and Albuquerque's banks, in the interest of security, announced they would remain closed until he leaves.

TRUJILLO'S WIDOW LIVES LIKE ROYALTY

By HAROLD K. MILKS MADRID, Spain (AP) — A long black limousine glides up to a modern apartment house off Madrid's fashionable Generalissimo Avenue. A husky footman-bodyguard springs from the right front seat; two Spanish police guards snap to attention at the building entrance.

From the car emerges Maria Martinez Trujillo, widow of the former dictator of the Dominican Republic and titular head of the fabulously wealthy, exiled Trujillo clan. She receives all the deference due a member of royalty.

Inside her lavish apartment she presides over the family and its fortune, yet recalls longingly the Trujillos' better days.

HUSBAND MURDERED

The downfall of the House of Trujillo began on a lonely road outside Santo Domingo, then Ciudad Trujillo, May 30, 1961, when political opponents shot dictator Rafael Leonidas Trujillo. For three decades he and his family had ruled the Caribbean nation as their fief.

Although stripped of power, the surviving Trujillos continue to live in splendor in exile. They also have been involved in some well-publicized family feuds and litigation, including a suit by some of the dictator's illegitimate children seeking a share of the family wealth.

PERON A NEIGHBOR

The Trujillos try to avoid the spotlight. They do not wish to embarrass Spain's Generalissimo Francisco Franco, who might withdraw his hospitality. There is a formal extradition request hanging over Rafael Jr., the dictator's oldest son. The Dominican government wants to try him on murder charges.

Rafael now shuns the Madrid night clubs he once favored. When not with his mother or with his wife and infant son in their Madrid hotel suite, he devotes himself to raising racing horses and polo ponies at the family stables with his brother-in-law, ex-Gen. Jose Luis Leon Estevez.

The handsome Estevez married Rafael's sister, Angeli. They live in a mansion in another section of Madrid where one of their neighbors is Juan D. Peron, the former dictator of Argentina.

FIVE STAGING MIAMI BOAT-IN

MIAMI BEACH, Fla. (AP) — Five peace marchers are staging a boat-in at the Coast Guard dock here.

The marchers, members of the Committee for Non-Violent Action and Quebec-to-Cuba peace march, sailed for Cuba Tuesday in a 24-foot launch to protest war and the U.S. ban on travel to Cuba.

A short distance out, they were stopped by the Coast Guard, which confiscated their boat and towed it to the dock on orders of the U.S. attorney general.

The demonstrators refused to leave the boat.

"We'll never leave voluntarily," said Bradford Lyttle, 36, skipper of the launch. "This is the Caribbean wall. We have the right to travel. It's as bad as East Berlin."

Others aboard the boat were Erica Nezer, 38, a former Chicago medical technician; Marvin Davidov, 33, a former St. Paul, Minn., art dealer; Peter Gregonis, 38, Oregon electronics technician; and Robert Clapp, 26, a California student.

SEES LBJ VICTORY

PHILADELPHIA (AP) — U. S. Postmaster General John A. Gronouski has predicted a Johnson-Humphrey landslide in the Nov. 3 election.

He forecast victory for Genevieve Blatt, state secretary of internal affairs, in the battle for the U. S. Senate seat from Pennsylvania, and said President Johnson would carry the state by more than 300,000.

BRITISH ISSUE NEW WARNING TO RHODESIA

LONDON (AP) — The British government warned Rhodesia's white supremacy government Tuesday it would be guilty of treason and rebellion if it declared the East African territory's independence unilaterally.

A strong statement from Prime Minister Harold Wilson's office declared: "Serious consequences would flow from such an act."

The statement apparently was prompted by an announcement Monday in Salisbury, the Rhodesian capital, that a gathering of 622 African chiefs and headmen had agreed they favor independence from Britain while the country's white minority still has control.

The British government had

told Rhodesian Prime Minister Ian Smith previously it would not consider that the chiefs' expression of opinion represented the African majority.

Smith also has scheduled a national referendum Nov. 5 in which the largely white electorate presumably will vote emphatically for independence now. Smith then is expected to demand freedom from Britain, with the threat of declaring independence unilaterally if refused.

The British government has been trying unsuccessfully to get the Rhodesian government to agree to a new constitution promising the African majority ultimate control.

A declaration of independence by Rhodesia would be an act of defiance and rebellion, the British statement today said, "and it would be treasonable to take steps to give effect to it."

"The British government cannot believe that once the consequences have been made clear the government and people of Southern Rhodesia will

Ask Cooperation In Water Areas

HARRISBURG (AP) — The State Game and Fish Commission have called for more cooperation between fishermen and duck hunters who try to use the same areas at the same time.

Glen L. Bowers, deputy executive director of the game commission, urged hunters Tuesday to share the use of water areas.

At the same time, Robert J. Bielo, acting executive director of the fish commission, asked fishermen to be considerate of duck hunters who have but a few weeks at their sport.

take an irrevocable step of this kind.

"The decision to grant independence rests entirely with the British government and Parliament and they have a solemn duty to be satisfied that before granting independence it would be acceptable to the people of the country as a whole," the statement said.

## Students Dread Completion Of Training Course For Dogs

By ROBERT HOLTON

NEW YORK (AP) — Madeline Guarnieri and a puppy named Cleo are headed for an emotional crisis and there is nothing either can do to avoid it. Madeline, 15, set out on her emotional collision course Monday when she took the 6-week-old Labrador retriever into her home.

In nine months she will return it to an institute for training as a guide dog for the blind.

"I knew when I agreed to take a dog into my house it would be hard to part with her when the time came," Madeline said. "But here I have the dog only two days and already I'm dreading the day I'll have to give her back."

### OTHER TRAINERS

Nine other students at Bay-side High School are in much the same predicament.

The ten — five boys and five girls — agreed to take puppies as part of a program launched by the Queens Child Service League in conjunction with the Second Sight Guide Dog Foundation.

"Those in charge of the program feel that a dog cuddled and brought up in a home with lots of attention and love is better equipped to be trained as a guide dog for the blind," Madeline said.

### CONVINCED PARENTS

"I named my dog Cleo right after I brought her into the house and she sleeps at the foot of my bed. I don't know how I'm going to be able to give her up when the time comes. I guess I'll just have to take in another pup right away."

Before the program could begin, parents had to agree to allow the dogs into their homes. "Daddy was a pushover," said Madeline. "And my four

## Generally Dry Weather Prevails

By THE ASSOCIATED PRESS

Showers sprinkled scattered sections of the nation Tuesday but generally dry weather prevailed in most areas.

The shower activity was reported along the southeast Florida coast, eastern Texas, western Louisiana, parts of the middle Mississippi Valley and in Maine. Fairly heavy rain hit areas in northeastern Oklahoma and southwestern Missouri Monday. Heaviest amounts, nearly four inches, were in Crane, Mo. It was a little chilly in the middle Atlantic states with temperatures dropping into the 30s and 40s. Cooler air also spread into the northern Rockies and the Pacific Northwest.

Early morning temperatures ranged from 77 in Miami to 26 in Kalispell, in extreme north-west Montana.

brothers and two sisters went for the idea right away. It took a little while to convince mother, but she finally went along.

"My father said that if this one works out okay, we'll get another one at the end of the nine months," she said. "All I can say is, we better."

## FOLK SINGER IS HELD FOR THREAT TO LBJ

MIAMI, Fla. (AP) — A coffee house folk singer was held under \$25,000 bond in Miami Tuesday, accused by a friend of threatening to kill President Johnson.

And, in Jacksonville, police arrested a Michigan steel worker, Bruce Lee Cornell, in an office three blocks from where the President was speaking Monday. They said Cornell was carrying a loaded pistol and an unloaded carbine.

Folksinger Paul S. Back, 26, a veteran of the Air Force, stood mute at a preliminary hearing Monday before U.S. Commissioner Roger Davis. But his attorney, Kenneth Dinnerstein, argued the government had no case but "the unsubstantiated word of one boy."

### TELLS OF THREAT

He referred to Reid Trencher, 19, who testified that Back told him about Oct. 12 that "if Lyndon Baines Johnson ever came to Miami, I would kill him, even if I had to give my own life." Johnson visited Miami Sunday on a three-state campaign tour.

Trencher said he "works the coffee house circuit" and called Back "my good friend."

He testified that he went to the FBI because he was afraid for the President's safety and "I didn't want anything to happen to my friend, either."

Cornell, a former Navy enlisted man at the Jacksonville Naval Base, denied he intended to harm anyone.

Cornell said he was returning to his Michigan job after a vacation in St. Augustine, where he had done some hunting. He was held on a vagrancy charge.

## WILL BUILD \$60,000 POOL IN TOWN PARK

TANEYTOWN — The community swimming pool executive committee, representing the Junior Chamber of Commerce and the Jayettes, Thursday, voted to engage the Ira C. Rigger Company, of Cockeysville, Md., to construct the pool and all related facilities except the bath houses as soon as funds are available. Taneytown area builders and plumbers have been asked to submit bids within two weeks on the bath house construction. All facilities are expected to cost \$60,000.

The committee acted upon the recommendation of its planning, design and construction subcommittee which has spent over three months researching pool construction methods, design, equipment and possible constructing firms. Preliminary plans for the proposed pool had been submitted by three companies.

The pool will measure 82½ feet long by 42 feet wide, with diving el 33 feet by 35 feet. Depths will range from three to five feet in the larger rectangular area, with a maximum depth of 12 feet in the diving el to accommodate a three-meter diving board. For the initial season, however, the diving area will be equipped with a deck-level and a one-meter board. A wading pool also will be included.

## Today In Washington

WASHINGTON (AP) — The Public Health Service reported slight increases Monday in the radioactivity of the air over seven states.

These increases, the PHS said, were "consistent with the recent Chinese nuclear testing." The PHS said the increases, recorded in Hawaii, Alaska, Washington, Oregon, Montana, South Dakota and Wyoming, were far below what the government considers a dangerous level.

WASHINGTON (AP) — For the first time, the United States is about to exchange Fulbright scholars with a Communist nation.

On Nov. 9, the United States is expected to sign a treaty setting up the program with Yugoslavia. About 50 scholars would be exchanged under the treaty, beginning next school year.

WASHINGTON (AP) — The U.S. Tax Court has ruled that Undersecretary of Commerce Franklin D. Roosevelt Jr. must pay taxes on the \$18,615 he received from the author of the play, "Sunrise at Campobello."

Roosevelt had argued that the play, based on the early career of his father, President Franklin D. Roosevelt, had invaded his privacy and that the money he

received was compensation for it.

WASHINGTON (AP) — The Office of Education announced today it is launching a study to find out why there is a national shortage of qualified teachers.

Dr. Harold Walter Stoke, retiring president of New York City's Queens College, will help with the task. He will direct studies of requirements for "supply of and characteristics of professional education personnel at the elementary, secondary, and higher education levels."

## Marylander Gets Life For Murder

YORK, Pa. (AP) — Richard Eugene Wallace, 27, of Whiteford, Md., has been sentenced to life imprisonment for the fatal stabbing of a York County teenager.

Wallace was convicted in August of the slaying of Harold Dinsmore of Delta last June 13. The sentence was imposed in county court Monday after a motion for a new trial had been withdrawn.

In another case, Raymond Leon Cully, York, was sentenced to 10 to 20 years in prison for the fatal shooting of Edna Becker, also of York, last May 31. Cully was convicted of second degree murder last week.

Alcoholism generally afflicts persons in the 35-55 age group.

WANTED WATER FOR PIGS BUT HE STRUCK OIL

CORNELL, Ill. (AP) — All Gerald Lyons wanted was water for his pigs. Instead of water, the well-drilling company he hired struck oil.

The discovery has generated a storm of excitement in this rural area of north-central Illinois, but Lyons still has water on his mind.

"I'm a hog farmer in need of water," he says.

But he plans to do something about the oil after he finishes plowing this weekend.

"I'm going to talk to some oil promoters," he said today in an interview.

Lyons, 37, who lives on an 80-acre farm with his wife and three children, was harvesting beans when he was informed that the drillers had struck a mixture of oil and water at 117 feet.

"I just kept working," he said.

Another shaft was drilled, with the same results at 147 feet.

The drillers pumped the first well for five days, hoping the oil would disappear. Instead, it got thicker.

A geologist from the University of Illinois who analyzed the crude oil said he was surprised at its high grade and the fact that it was found at such shallow depths.

Lyons said he doesn't know how much oil is under his land or what it's worth.

"But aren't you anxious to find out?" he was asked.

"They tell me it's been there for a billion years and it's not going to go away," he replied.

CHINESE ACTOR ENDS HIS LIFE

HOLLYWOOD (AP) — Police said veteran Chinese character actor Sammee Tong left this note for them:

"I have taken my own life. No one is to blame."

Tong, 63, a screen performer for 25 years, was found dead Tuesday at his home at nearby Venice. An empty sleeping pill bottle was found nearby.

An autopsy was ordered.

Police said Tong gave no explanation for his suicide, but left several notes propped up on a chair in his apartment — one of them to his landlady and another to his attorney, dictating final arrangements in the event of his death.

Tong, a bachelor, lived alone. He was currently appearing in the ABC television series, "Mickey." He entered television in 1959 with the role of the wisecracking houseboy in "Bachelor Father."

Tong was born in San Francisco.

First Family Will Cast Vote In Texas

ALBUQUERQUE, N.M. (AP) — President and Mrs. Johnson will go to Texas to vote in person and to get the election returns there next Tuesday night.

Without going into details, White House press secretary George Reedy announced today that the Johnsons will go to their home state, instead of remaining at the White House to get the returns.

Under Texas law, the Johnsons could have cast absentee ballots.

Reedy said the Johnsons will fly to Austin Monday night and remain overnight. He did not say specifically, but presumably they will go to Johnson City early Tuesday morning to cast their votes.

## NIXON CHEERS STATE GOP AT \$100 DINNER

By JACK LYNCH  
Associated Press Writer  
HARRISBURG (AP)—Former Vice President Richard M. Nixon cheered Pennsylvania Republicans Tuesday night with an attack on President Johnson's foreign policies and a declaration that Sen. Barry Goldwater has picked up considerable ground in the presidential race.

Some 5,000 persons, about 3,000 of whom paid \$100 each at a state GOP fund-raising dinner and pep rally, applauded frequently as Nixon said, among other things, that Johnson's campaign "peaked about two weeks ago."

He said Republicans are making a resurgence in Pennsylvania, Ohio, Illinois, Texas and in California.

### TOUGH BATTLE

"We are still behind," he added. "This is a tough, hard battle, but I happen to be one of those Republicans who believes that the greater the odds, the harder we have to fight."

He put Pennsylvania's Gov. William W. Scranton in the same category and praised Scranton for "gallantly" fighting for the national ticket despite his unsuccessful effort to win the Republican presidential nomination.

Both Nixon and Scranton said in their speeches that the biggest "failure" of the Johnson administration is in foreign policy. Both also touched on the "morality issue" and accused the President of trying to cover up things like the Bobby Baker case.

### SCRANTON'S VIEWS

Scranton, who coupled his appeal for Goldwater with a call for greater efforts to elect all Republicans, said "only Goldwater advocates a return to the strong, bold foreign policy of Eisenhower and Dulles."

Scranton was referring to the late John Foster Dulles, secretary of state under former President Dwight D. Eisenhower.

Nixon charged that Johnson has not "introduced a single new piece of foreign policy" and that the U. S. should be taking advantage of the change in Russian leadership "by firming up our policy, instead of laying back."

He accused Johnson of giving the public a "setback" in his nationwide speech following the change of leadership in the Kremlin and the exploding of a nuclear device by Red China.

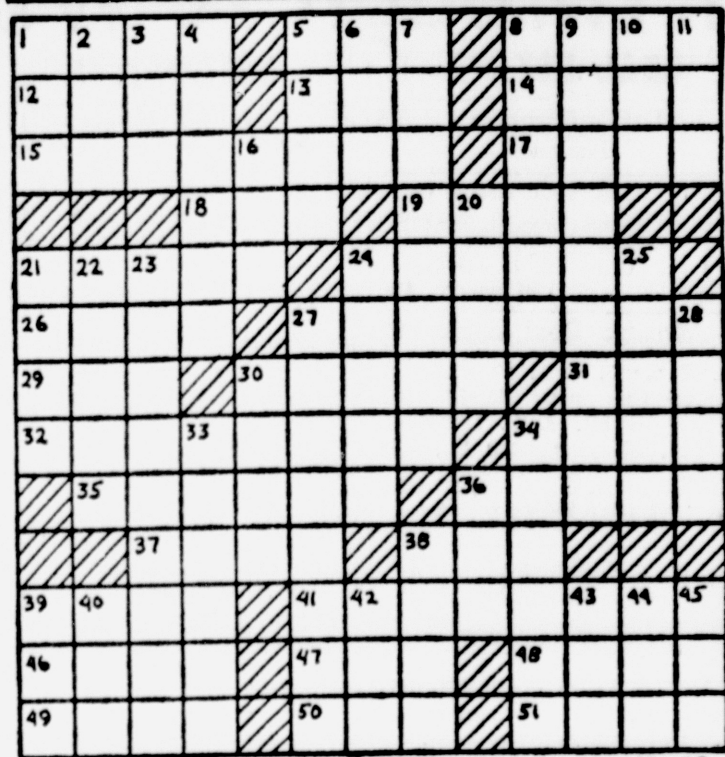

### PLUG FOR SCOTT

"He (the President) said in effect the more things change, the more our policies would be the same," said Nixon.

At this point, Nixon said it is important for all America as well as Pennsylvania that Republican Sen. Hugh D. Scott, be re-elected.

Describing Scott as one of the
